The Choice is **Clear**

Georgia-Pacific Professional

Making a **Difference**

Help improve your facility's operational efficiency, productivity and hygiene with innovative ideas and product solutions from Georgia-Pacific Professional, available from Grainger. Lead the way and create a cleaner workplace today. From the shop to the breakroom to the washroom, you'll find solutions that help deliver measurable improvements right here.

in the breakroom

Making a difference in the breakroom to help reduce waste

includes using one-at-a-time dispensing systems that help control product usage, costs and restocking time while giving your employees and visitors a better experience.

in the shop

Making a difference in the shop by using disposable wipers

can help improve efficiency and productivity while lowering costs. Brawny Industrial® products can help you do the job you do.

in the washroom

Making a difference in the washroom that helps improve overall hygiene

can help reduce absenteeism due to the common cold by upgrading your washroom to touchless systems. Hygienic solutions can also help improve your facility's image.
