

### Fall Protection: Training Requirements (Construction)

**Instructions:** This checklist is intended to help you identify potential hazards in your workplace. The questions are based on applicable Federal OSHA standards. Keep in mind that additional state and local regulations may apply, depending upon your location. Please check one answer for each question. If you select “no,” you should investigate further to determine what corrective action may be needed to address the hazard. You can review the specific OSHA Standards outlined below at [www.osha.gov/law-regs.html](http://www.osha.gov/law-regs.html). Choose “General Industry” or “Construction.”

	Questions	OSHA Regulation	Yes	No	N/A
	<b>Fall Protection: Training Requirements</b>				
1)	Does the employer provide a training program for each employee who might be exposed to fall hazards?	1926.503(a)(1)			
2)	Does the employer ensure that each employee has been trained by a competent person qualified in the nature of fall hazards?	1926.503(a)(2)			
3)	Does the employer train each employee in the correct procedures for erecting, maintaining, disassembling, and inspecting fall protection systems to be used?	1926.503(a)(2)(ii)			
4)	Does the employer train each employee in the use and operation of guardrail systems, personal fall arrest systems, safety net systems, warning line systems, safety monitoring systems, controlled access zones, and any other fall protection to be used?	1926.503(a)(2)(iii)			
5)	Does the employer train each employee in the safety monitoring system when this system is used?	1926.503(a)(2)(iv)			
6)	Does the employer train employees on the limitations on the use of mechanical equipment during the performance of roofing work on low sloped roofs?	1926.503(a)(2)(v)			
7)	Does the employer train employees on the correct procedures for the handling and storage of equipment and materials?	1926.503(a)(2)(vi)			
8)	Have individual certification records been prepared that contain the name or other identity of the person trained, the date(s) of the training, and the signature of the employer or person who conducted the training?	1926.503(b)(1)			

## Fall Protection: Training Requirements (Construction)

	Questions	OSHA Regulation	Yes	No	N/A
	<b>Fall Protection: Training Requirements</b>				
<b>9)</b>	Is the latest training certification for all persons trained available for inspection?	1926.503(b)(2)			
<b>10)</b>	Is retraining conducted if a person can no longer recognize the hazards of falling or follow the proper procedures?	1926.503(c)			
<b>11)</b>	Is retraining conducted when changes in the workplace render previous training obsolete?	1926.503(c)(1)			
<b>12)</b>	Is retraining conducted when changes in the types of fall protection systems or equipment render previous training obsolete?	1926.503(c)(2)			
<b>13)</b>	Is retraining conducted if a person cannot use fall protection systems or equipment or has not retained the requisite understanding or skill?	1926.503(c)(3)			

**Safety Checklist Disclaimer:** This safety checklist (the "Material") is made available to the user or other receiver of the Material for general informational purposes only. The Material has been developed with consideration of various factors relevant to the subject area, including federal laws and regulations in effect at the time the Information was created and/or certain good management practices relevant to the subject area. Because every industry and/or workplace presents unique circumstances, the Material does not constitute and is not intended to provide specific advice, assurances, or guarantees concerning any user's compliance with particular regulatory requirements (e.g., OSHA) or other applicable safety and/or health requirements or good management practices. The Material does not constitute training and does not replace the need to properly train all employees nor is the Material a substitute for an assessment of any safety or health hazards present at your facility by a health or safety professional or expert. Users are advised to consult with a legal or other professional advisor concerning specific regulatory compliance requirements applicable to their workplaces and appropriate use of the Material. Users and receivers of the Material are subject in all respects to the terms and conditions set forth [www.grainger.com](http://www.grainger.com), including those provisions relating to limitation of liability. Users and receivers of the Material assume all responsibility and risk arising from any and all use of and/or reliance upon the Material, including any modifications made thereto. W.W. Grainger, Inc. makes no warranty, express or implied, that the Material is current, accurate, appropriate or complete for any particular facility or requirements applicable to a particular facility.
