

SAFETY WEBINAR

Respirator Fit Testing: Your Guide to Compliance

MARCH 21, 2013

2 to 3 p.m. ET 1 to 2 p.m. CT Noon to 1 p.m. MT 11 a.m. to Noon PT

> TOPICS OF DISCUSSION

- OSHA's respiratory protection standard with an emphasis on qualitative fit testing
- Key definitions and written respiratory protection program content
- Medical evaluation questionnaire review
- Fit testing protocols
- Qualitative fit testing video presentations

When it comes to respiratory protection, a proper fit is critical. Your health depends on it.

After being issued a respirator and trained on how to don/doff it, your next step is to make sure it fits properly. Join this webinar for tips to help comply with respiratory protection safety standards.

Keynote Speaker:
Sally Smart,
*Grainger Technical Product
Support Specialist*

Sally has an extensive background in safety. Prior to joining Grainger in 1997, she was the Director of Quality Regulations and Safety for a major chemical manufacturer and gas repackager. She has completed her HAZWOPER 40-hour and OSHA 30-hour certifications. Sally is one of over 30 safety product technical support professionals at Grainger, here to support you **Monday through Friday, 7 a.m. to 7 p.m. CT or by email at safetysupport@grainger.com.**

Count on Grainger for the products, services and solutions you need to help keep your employees and guests safe while operating safer facilities.
